

# AAG Agency Certification

**AUTO APPRAISAL GROUP INC**

*Do what you love. Love what you do.*

## Agent Testimony

One of the best things about AAG is that you are out on your own, building your own business, and every day is something different. We look at so many different types of vehicles that it is always an adventure. Where else can you go and inspect a Tucker, Ferrari F-1 Racer, Bobcat Pay loader, Freightliner Tractor and a \$500,000 custom 1955 Chevy - all in the same year?

There is truly a family atmosphere at AAG. Company events and agent certification classes are a lot of fun. I go out to look at cars and meet people, and at the end of the month they send me a check for doing it. WHAT'S NOT TO LIKE!

## Great Opportunity – Get your Business Started this Year

*Inspecting cars during the certification class gives agents a better understanding of AAG's information gathering procedures. Certification classes last four days and include hands-on instruction.*

Established in 1989, AAG knows what it takes to be successful and we know the importance of building relationships with the most honest and experienced agents in the business. Many of America's largest insurance companies refer collectors and companies to AAG for independent certified appraisals. They know that by using our service, their clients will get reliable and professional appraisals for their antique, classic and custom vehicles.

Are you Interested in attending our upcoming certification class at the AACA Museum? Submit this agency application to our office and we will be in touch to answer all your questions.

If you've already submitted an application and received approval, submit your registration form by August 15th to reserve your place.
